

The "Yes I Can" Spirit is Alive and Well.

Although we have physically enhanced the lodge to continue providing the best possible guest experience, the greatest enhancement continues being invisible. As our guests continue to attest, through applying creativity and flawless execution to countless teambuilding activities and events. Assisting guests in conquering "The Mighty Brule". Or, running alongside them in a 5K race. Everyone agrees the caring spirit and service of our team is the heart of the lodge.

Just When You Thought Minnesuing Couldn't Get Any Better.

Our guests leave raving about the "one-of-a-kind" experience we are known for, however, we feel compelled to give them additional reasons to return. Whether through our expanding activity ideas (our newest is Paddle Boarding!), improving technology (faster service and refreshed conference room). We are constantly providing improvements to the lodge so guests can experience "Minnesuing Magic" in a new light.

'Farm to Table' Makes Memorable Meals

Guests tell us our lodge food is "Magic." This summer, we are making meal times unforgettable. Surrounded by the ambience and beauty only northern Wisconsin can provide, our 'Farm to Table' cooking is bringing the experience indoors. From grass fed Black Angus steaks, to Lake Trout and even beer, we couldn't be more excited to provide our guests with exceptional local flavor. Even more "Minnesuing Magic Memories" to take home.

Start planning your getaway today!

Call Jim Polinsky at 715-374-2262 or email jpolinsky@radisson.com to reserve your piece of Minnesuing magic.
