

The perfect place for your next board meeting

In preparing companies and leaders to confront their most challenging business issues, we provide a different perspective. Unique viewpoints and strategies come with the territory. Better yet, our lodge becomes exclusively yours. The secluded, breathtaking setting brings individuals together in ways they never have before. We promise to provide a complete fresh perspective on the opportunities that lie ahead.

What's ours is yours

We treat each guest as ourselves, and wouldn't have it any other way. For our chef and kitchen staff, this means "farm to table" freshness is the only way. This summer provided one example, as our kitchen team planted and grew a small herb garden – just outside the door. Caring for their garden all summer has enabled them to provide ultimate freshness for you.

Our guests come from completely different directions but always leave as a team

We confront each group with a variety of interesting challenges, requiring problem solving like never before. At the end of the day though, everyone has a blast. And the spirit of victory is shared.
